

DuPont™ Marine Finishes **PERMANON Supershine & Cleaning system**

1. Introduction:

The DuPont™ Marine Finishes system has been developed to ensure the best appearance and durability.

2. Surface Treatment:

- Let cure the topcoat till “complete hardening “as recommended in the DuPont™ Marine Finishes Technical Data sheet of respective topcoat.
- Inspect the surface for all damages and eventually report damages of original finish to responsible.
- The surface of topcoat should be clean, dry (cured) and free from contaminants.
- Apply the recommended PERMANON Supershine products respecting the recommendations of technical Data Sheet of manufacturer.
(PERMANON Gmbh.)

Remark:

- PERMANON -SI14 products range- dedicated to the yachting sector have been tested over DuPont™ Marine Finishes Topgloss SF and DP6940 Imron® Super Flow HS Clearcoat.
- No negative effect on coating has been observed.
- Special care of removing every trace of PERMANON products when re-repair has to be done. (Contact your local DuPont Technical representative for further information)
- DuPont cannot be liable for any misuses of Permanon products. Follow PERMANON Gmbh. application and maintenance specification.

3. Limitations of liability:

The information provided herein corresponds to our knowledge on the subject at the date of its publication. This information may be subject to revision as new knowledge and experience becomes available. The data provided fall within the normal range of product properties and relate only to the specific material designated; these data may not be valid for such material used in combination with any other materials or additives or in any process, unless expressly indicated otherwise. The data provided should not be used to establish specification limits or used alone as the basis of design; they are not intended to substitute for any testing you may need to conduct to determine for yourself the suitability of a specific material for your particular purposes. Since DuPont cannot anticipate all variations in actual end-use conditions DuPont makes no warranties and assumes no liability in connection with any use of this information. Nothing in this publication is to be considered as a license to operate under or a recommendation to infringe any patent rights.
